Chapter 1 by Eurydome

20 minutes was all he had, and all he really needed.

Quinn, a 23 year old with Brunette shaggy hair, never really expected to be in such a situation. Of course, he knew there would always be the lingering chance of it happening.

He's lovestruck; the man just saw the woman he was destined to be with. Her name was Ganymede, named after one of the Galilean moons of Jupiter. She was his childhood friend, and he regretted never noticing her until now. There she was, after 13 years, back in his life after they separated at the age of 10. She was gorgeous; long, flowing, wavy locks of a milk chocolate brown, her eyes the color of the blue-purple sunset sky.
